

Alberta is Going Solar

The Business Opportunity

Findings from the just released
Alberta PV Value Supply Chain Opportunities Study
funded by Alberta Economic Development and Trade

And Updates About the Alberta's Residential and Commercial Solar Program

Solar is a job generator.

Along with new employment opportunities, Alberta's initiatives to diversify our energy sector and tap into our abundant solar resource, are creating emerging opportunities for investment, new business creation, and retooling of existing enterprises all along the solar supply chain.
